AUTUMN / WINTER 2020-21

Escape the
complicated.

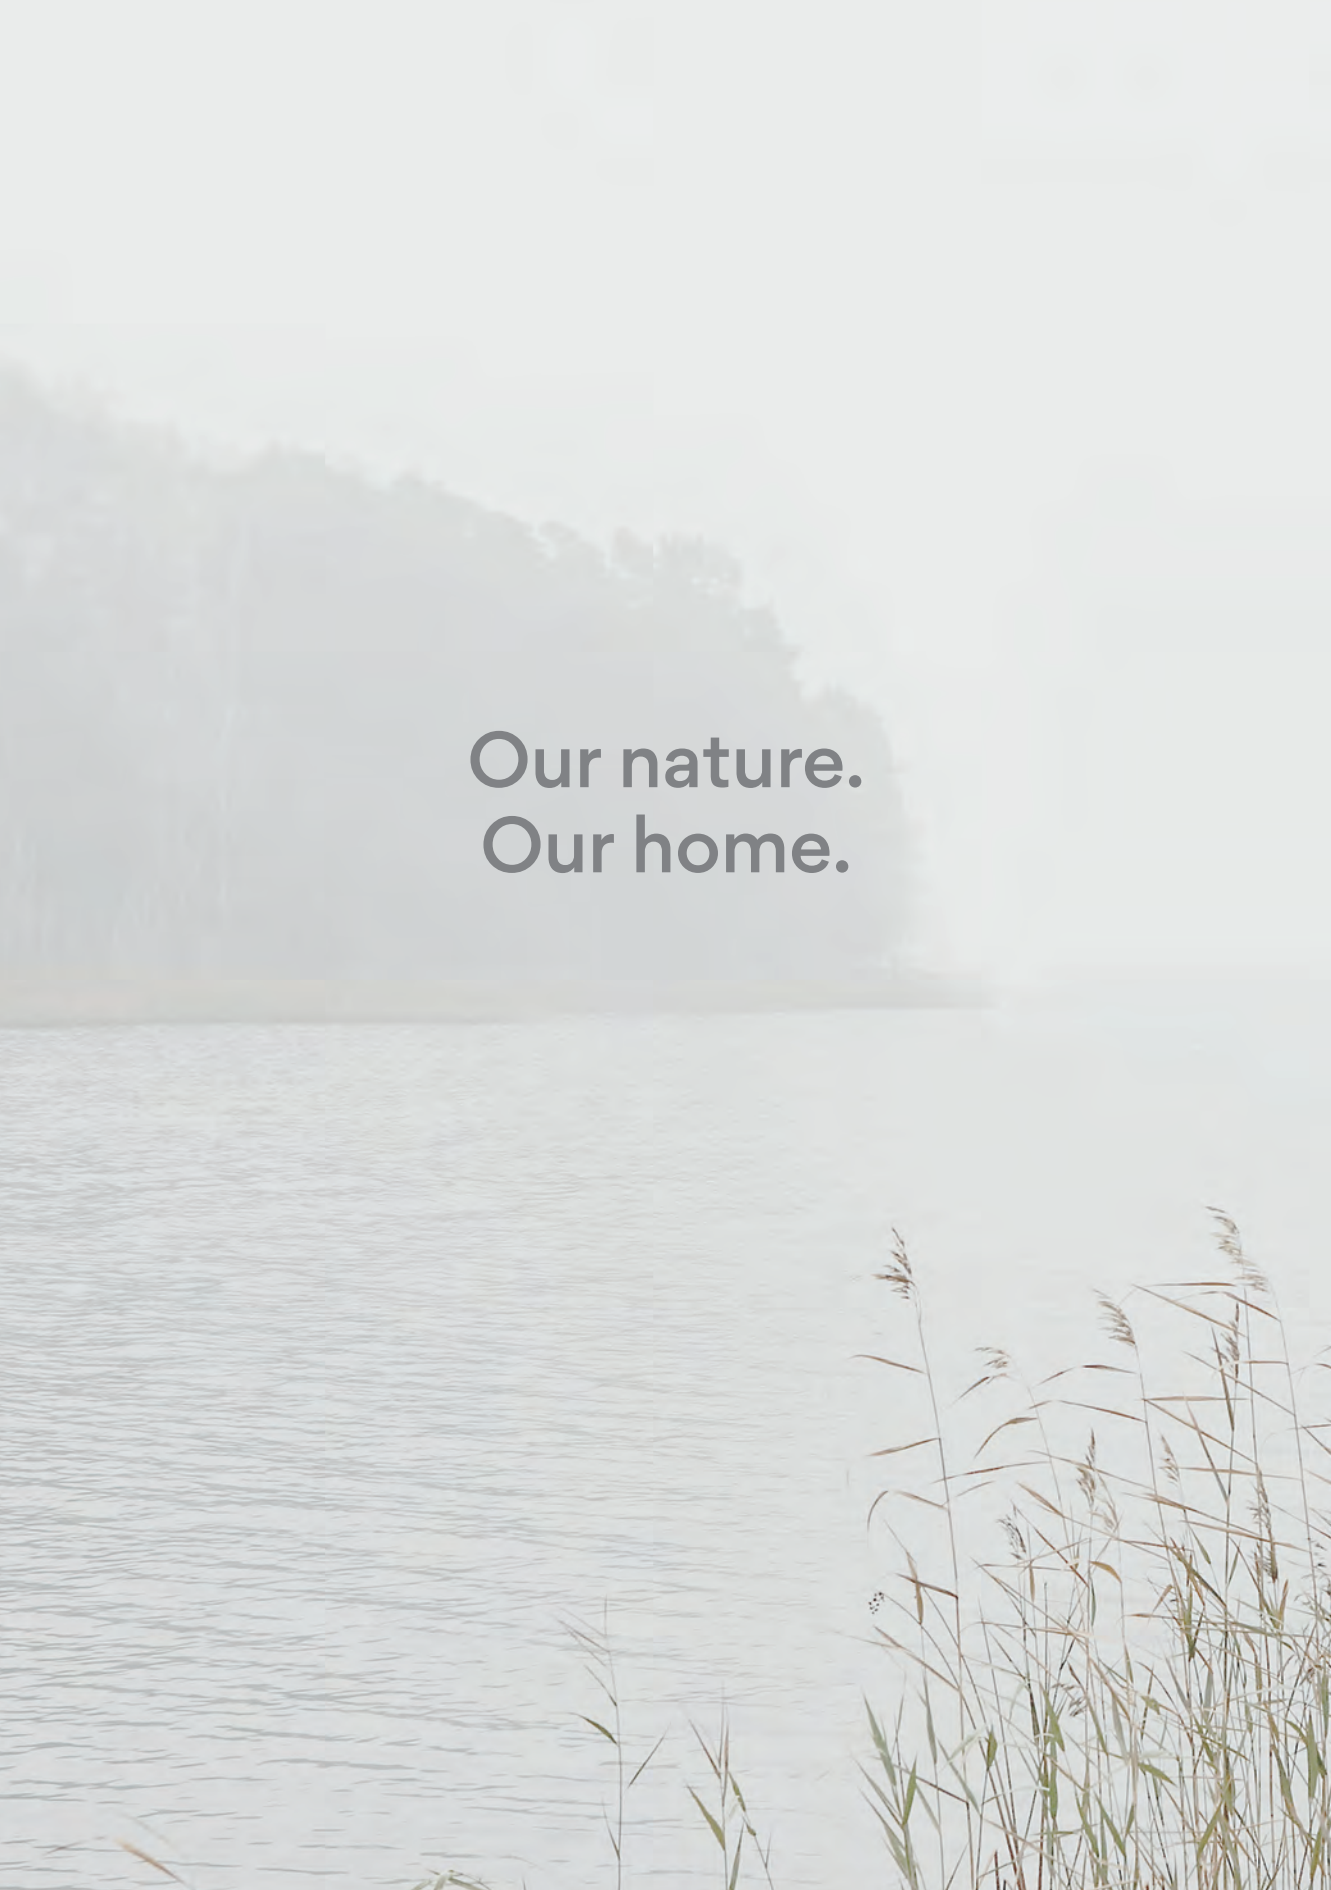

INSPIRED BY NORDIC NATURE

Luhta Home creates finely-crafted and pure home textiles and accessories. We believe in uncomplicated homes. Every day simplified.

We are at home with Nordic nature. The vividness and silence of nature is where we draw our inspiration. To us, wisdom is found in the woods.

In busy times, we are an antidote for hectic. Welcome to the home of pure simplicity and lasting style.

A misty landscape featuring a calm body of water in the foreground and a forested hillside in the background. The scene is shrouded in a soft, white mist, creating a serene and ethereal atmosphere. In the bottom right corner, some tall, thin reeds or grasses are visible, partially obscuring the water's edge.

**Our nature.
Our home.**

We are at home with Nordic nature. Nature is important to us and to preserve our precious nature, the design team is constantly looking new sustainable alternatives to fulfill the offering. We are proud to introduce several product families made of sustainable materials.

100% COTTON ORGANICS

- Organic cotton is a soft, durable, natural material cultivated without harmful chemical fertilizers or pesticides.
- Its production process is certified and its origin is traceable.
- The product dyeing and printing methods are based on the use of water-soluble dyes.

SUSTAINABLE CHOICES

- Recycled materials make less of an impact on our environment.
- As an excellent contribution to the circular economy, recycled choices helps conserve water and energy and spares natural resources by giving a new lease of life to existing materials.
- RPET materials has made from recycled PET bottles (Polyethylene Terephthalate). Material is recycled and ecological choise. For example interior of pillows are RPET material.

A copper sauna bowl with a wooden handle hangs on a dark wooden wall. To its right, a grey textured sauna towel is draped over a wooden frame. The scene is dimly lit, creating a warm and cozy atmosphere.

Simply recharge.

Sauna

The sauna is one of Finland's most cherished wellbeing rituals. It offers complete relaxation and tranquility, no matter how busy life can get. To create an authentic sauna experience, take along a high-quality sauna pillow and linen. We have used natural colors and materials to make bathing a wonderfully rejuvenating experience.

AALTO TOWELS from 30x50cm, 100% Organic Cotton, 3,95€

Dip into simplicity.

Bathroom

The one everyday indulgence each bathroom should offer is a towel that does what it's supposed to. Snuggle up in strong terry after an early morning shower or relax in it after a Saturday evening sauna. Our towels are soft and rough, and will last a lifetime.

Recycled
Cotton

LEMPI TOWELS from 50x70cm, 100% Recycled Cotton, 7,95€

Aalto & Puro

100% organic cotton

Aalto and Puro terrycloth towels are made from high-quality, double-twist organic cotton thread to ensure good moisture absorption. The towels dry quickly after use and retain their color and quality especially well. Organic cotton is a soft, durable, natural material, cultivated without environmentally harmful chemical fertilizers or pesticides. Its production process is certified and its origin is traceable. The product dyeing and printing methods are based on the use of water-soluble dyes.

Lempi

100% recycled cotton

Lempi towels are made from high quality 100% recycled cotton. Towels' design is reduced, with a flat surface of Terry. The towel is made from a surplus of cotton yarn production and re-used cotton fibers. Because the fibers have been processed several times, the surface of the towel is tougher and the colors are soft. Sustainable choice because the product is made using existing materials.

Pellava

The Pellava product family's waffle-weave towels and sauna products are timelessly beautiful, wonderfully coarse, and plush. The 25% linen and 75% cotton blend gives the product an excellent ability to absorb moisture and a wonderful, coarse feel that just gets better with use.

Organic Percale Cotton

Percale cotton sheets are delightfully luxurious and made from very high-quality fabric that keeps its shape and quality year after year. Percale is a tightly woven, cool to the touch, and easy-care type of fabric, and percale sheets only improve with every wash. These sheets bring joy for a long time.

The Luhta Home Organic Percale Cotton product family is made from luxurious, stonewashed, 100% organic cotton percale. Organic percale cotton is a soft, durable, natural material, cultivated without environmentally harmful chemical fertilizers or pesticides. Its production process is certified and its origin is traceable. The product dyeing and printing methods are based on the use of water-soluble dyes.
