ANOTHER BEST DAY

A KEY PIECE FOR ALL MEN'S AND WOMEN'S WARDROBE, THE ROSSIGNOL SHOES ARE THE MUST-HAVE OF THE SEASON.

The **new Rossignol fall-winter 2122 footwear collection** is versatile, designed to adapt to ongoing transfers between different scenarios, **in the mountains as well as in the city.**

**3 PRODUCT LINES**

A close-up photograph of a pair of black leather Rossignol Chamonix boots with red laces. A pair of hands is shown in the process of lacing the boots. The boots are positioned on a dark wooden surface. The background is dark and out of focus.

**AUCKLAND**

ICONIC **CHAMONIX**

Designed to wear on snowy trails or icy streets, the men's Chamonix boots and the women's Megève and Courchevel ones combine **mountain-ready technical features** and refined good looks. The line is completed by the new Buffalo boots.

They're made of full grain leather with a breathable waterproof membrane and lightweight insulation, so feet stay warm and dry.

**BUFFALO**

**MEGÈVE**

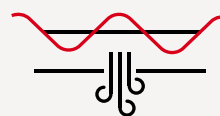

The rugged rubber outsole provides reliable traction on ice and snow. **Emblematic boots, from the slopes to the streets.**

## AUCKLAND BOOTS TECHNOLOGIES

**WATERPROOF**

The Hdry® membrane is thermally bonded on the entire inner surface of the shoe to create a waterproof and breathable barrier. The possible entry points of the water are therefore eliminated.

**INSULATION**

Wintherm® technology enables active thermal insulation. The fibers that make up the linings prevent the dispersion of the heat while an aluminium microfilm reflects the heat towards its source, that is to say its user.

**SOLE & GRIP**

The camber sole like a ski profile allows a good apprehension of the grounds and a perfect grip on snow, ice and concrete.

**ACCUPRESSURE**

Relaxing sole with 3 pressure points to reduce the pain, relax your foot and re-activate blood circulation.

# OUTDOOR

The Footwear Outdoor line transposes the ski codes to the city streets asphalt. Tartan patterns, premium leather, timeless shapes and colors characterize this unique collection. For men and women, they are the perfect après-ski shoes.

RSC

The **Rossignol sneakers** for men and women are the emblematic, young and fashionable Rossignol sneakers. Made of soft and resistant premium leather, they are **breathable** and **comfortable**.

The Rossignol logos on the tongue or on the sides bring us back to the origins of Rossignol.

Classic and iconic look.  
**Casual but elegant.**

## RSC SNEAKERS TECHNOLOGIES

### OPTIMUM SUPPORT

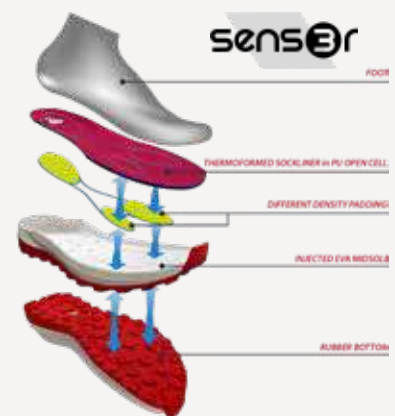

The metatarsal wrapping band is a lateral support that completely envelops the metatarsal area, giving greater hold and wrapping to the foot while ensuring breathability thanks to its mesh structure.

### HIGHLY COMFORTABLE DROP

Drop is defined as the differential between the forefoot and the heel.

Drop 8 is the height that positions the body's posture in an appropriate position between comfort and performance, both for running and walking.

### SENSOR 3 SYSTEM

Relaxing sole with 3 pressure points to reduce the pain, relax your foot and re-activate blood circulation.
