ABOUT US

We believe in the power of the unique balance between aesthetics and function, between authenticity and modernism.

SINCE 1907,

Rossignol has celebrated skiing. A small workshop next to the French Alps, with a direct view on snowy peaks: Abel Rossignol's workplace. All began with the strong and sweet smell of wood on newly-cut skis. The joys of snow. The revelation of young ski champions. The first Olympics victories on Rossignol skis. An image specialized in ski racing. Rossignol was born.

Today, things evolved but we stayed the same: a focus on craftsmanship and high-tech equipment, a continuous quest for quality and performance.

Icon of the past and symbol of the present, inspired by French roots and historical ski heritage, we hold no boundaries for continued improvement and avant-gardism.

We develop active and lifestyle
collections, rooted in skiing.

OUR GOAL ?

To outfit skiers and city-dwellers with a deep dedication to style, quality and performance.

A NEW BRAND DIRECTION

Accelerating due to the Covid19 pandemic and profound consumer shifts (need for reassurance, togetherness, wellness, freedom), a significant boom in outdoor sectors such as camping, hiking, biking, RVing (recreational vehicles) is currently happening.

How can Rossignol benefit from these booming markets?
By extending the brand to the outdoor world, Rossignol aims at deseasonalizing and diversifying its offer.

UN NOUVEAU POSITIONNEMENT

Amplifié par les effets de la pandémie et par de profonds changements chez le consommateur (besoin de liberté, d'évasion, de partage et de bien-être), les pratiques outdoor telles que le camping, le vélo, le trail running, la randonnée et l'usage des vans sont en plein essor.

Comment la marque Rossignol peut-elle tirer parti de ces marchés prospères ?
En étendant la marque à l'outdoor, Rossignol vise la désaisonnalisation et la diversification de son offre.

EMBODIED BY AN ALL-YEAR ROUND CAMPAIGN CONCEPT

Targeting mainly the multi-active outdoor newcomer and at a lower extent the performer, Rossignol, through the Escaper campaign and the micro-adventure prism, invites the consumer to live a full active experience in the mountains. Making the inspiring accessible.

INCARNÉ PAR UNE CAMPAGNE GLOBALE & MULTI-SAISON

Ciblant majoritairement le nouveau pratiquant d'outdoor et dans une plus petite mesure le pratiquant affirmé, Rossignol, à travers la campagne Escaper et le prisme de la microaventure, invite le consommateur à vivre une expérience sportive et complète en montagne. Rendant l'inspirant accessible.

VERSATILE & TECHNICAL PRODUCTS

Combining versatility, style and technicity (stretch, water-repellent and breathable fabrics), the 22SS collection distinguishes Rossignol from its competitors thanks to all-season and multi-purpose products. From a weekend away the city with a van to a one-day adventure up the neighbour mountain, this collection offers the ideal outfit for all escapes (road biking, mountain biking, trail running, hiking) and everyday outings.

ET DES PRODUITS POLYVALENTS & TECHNIQUES

Mêlant versatilité, style et technicité (matières stretch, déperlantes et respirantes), la collection 22SS distingue Rossignol de ses concurrents grâce à des produits multi-usages et toutes saisons. D'un weekend en van à l'extérieur de la ville en passant par une aventure d'un jour sur la montagne voisine, la collection offre la tenue idéale pour toutes les sorties (vélo de route, VTT, trail running, randonnée, etc).

WATERPROOFNESS AND BREATHABILITY

20000/20000 MEMBRANE

The products are equipped with a 20,000 mm membrane to guarantee waterproofness. The breathability of our products, that is the capacity of a garment to evacuate humidity and moisture, is equal to 20,000 gr/m2/24h.

FULLY SEAMS

All seams are taped to create ultimate seal against wind and snow.

CRITICAL SEAMS

Main seams are taped to create a sufficient protection seal against wind and snow.

DURABLE WATER REPELLENT TREATMENT

Our skiwear is coated with a DWR (Durable Water Repellent) treatment. It allows the water to drip along the clothing without entering inside.

OTHERS

RECYCLED POLYESTER

We try to follow a sustainable development approach. The Eco-Polyester presents an ecological and economical advantage. This material offers all the comfort and quality of a product made from conventional polyester, the big difference being that it is a raw material made from recycled plastic (industrial waste polyester, plastic bottles...). By doing so, we significantly limit the consumption of the planet's resources, while maintaining the advantages of conventional polyester (lightweight, quick drying and easy maintenance).

STRETCHABILITY

Depending on the elastane composition, our 2-way or 4-way stretch membrane can adapt to every movement constraints.

MAGNETIC ZIP

Easy, One-Hand Zip Magnetic zipper closure makes for easy, one hand zipper operation.
