ABOUT US

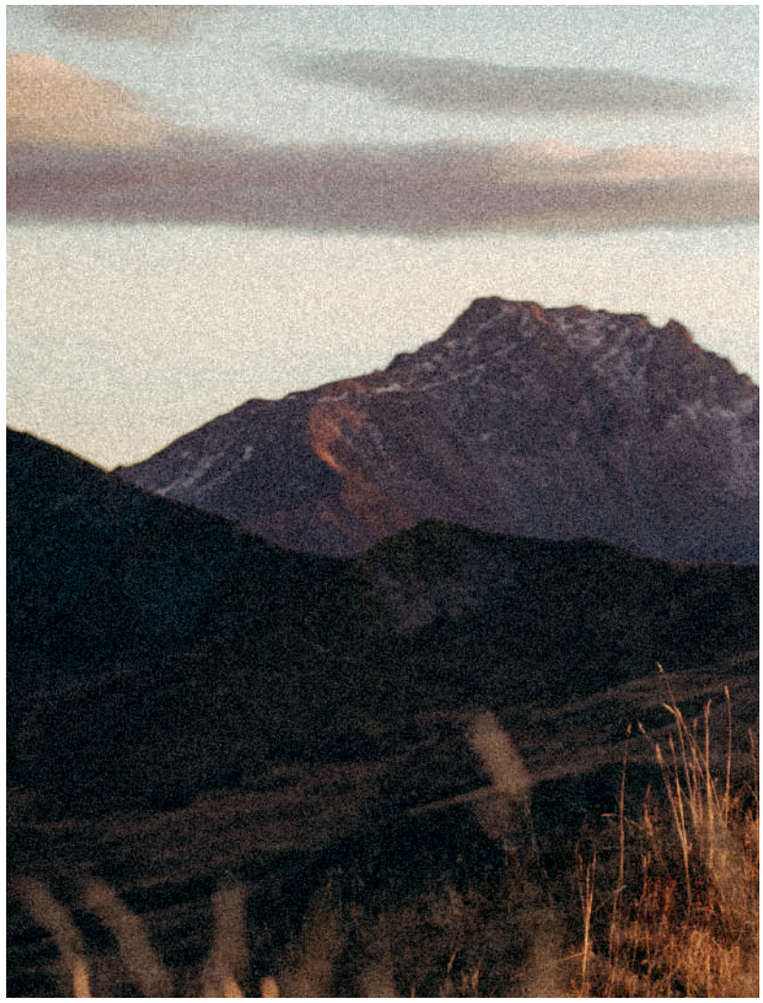
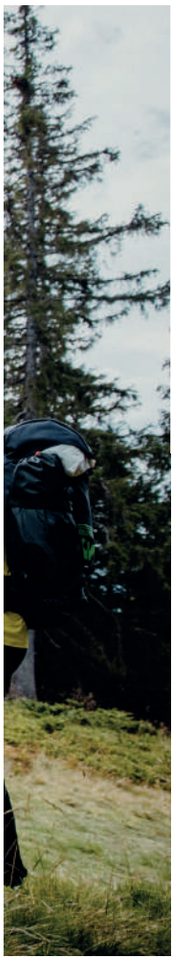
SUMMER **IS THE NEW HORIZON**

White snow has given way to green grass. Snowy slopes have melted into hiking trails. The mountain now reveals its southern slope. Rossignol has gone all summery too! Head for new territories and new seasons. In line with its hundred-year-old heritage, Rossignol continues its unique dialogue with the mountains and alpine culture, but in the full sun this time. **Faithful to Rossignol's historic expertise with winter sports, this new outdoor line is part of its tradition of innovating.** In terms of materials, it is an extension of the brand's signature technicality, helping you discover new terrain and new horizons.

In terms of the clothing itself, Rossignol's versatile wardrobe encourages you to freely enjoy the great outdoors. This new collection has been designed so that you can experience all that nature has to offer all year round, skilfully handling the transition from exertion to mild weather. Wear this light jacket while you admire the azure blue sky. Hit the road with this mountain bike. Enjoy pure escapism as you hike along the trails with this backpack. Lounge on the terrace of a café in this polo shirt. Whether you're up in the heights or strolling around the city, everything has been designed so that you can get the most out of the fresh alpine air. The weather may be sunnier, but the spirit remains the same, an ethos that is more than ever all about living in touch with nature.



« THE WEATHER MAY BE SUNNIER, BUT THE SPIRIT REMAINS THE SAME, ***AN ETHOS THAT IS MORE THAN EVER ALL ABOUT LIVING IN TOUCH WITH NATURE. »***

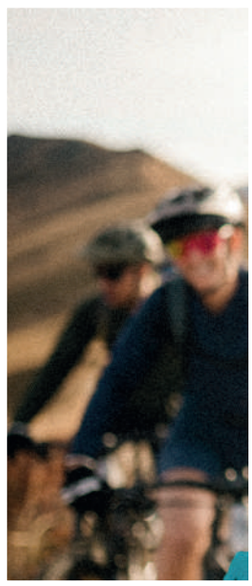


escaper

In the distance, you glimpse the mountains with their infinite freedom.
Your desire to go there, to tread the paths and inhale the scents of the undergrowth is magnetic.
It's so strong that you can't resist the impulse to storm the summits for just the space of an afternoon, two hours, a night.

Whether it's up on the ridge, from the valley, near the lake or out on the trails, whether it's a session of road biking, mountain biking, trail-running or hiking, whether it's with family or with friends, there are so many ways to make the mountains your own.

So, get your bag packed, set off on an adventure...
Just do it, with joy in your heart and no holds barred.
And when you see that glorious sunset, remember that we told you it was worth it.



A NEW BRAND DIRECTION

Accelerating due to the Covid19 pandemic and profound consumer shifts (need for reassurance, togetherness, wellness, freedom), a significant boom in outdoor sectors such as camping, hiking, biking, RVing (recreational vehicles) is currently happening.

How can Rossignol benefit from these booming markets?
By extending the brand to the outdoor world, Rossignol aims at deseasonalizing and diversifying its offer.

EMBODIED BY AN ALL-YEAR ROUND CAMPAIGN CONCEPT

Targeting mainly the multiactive outdoor newcomer and at a lower extent the performer, Rossignol, through the Escaper campaign and the microadventure prism, invites the consumer to live a full active experience in the mountains. Making the inspiring accessible.

VERSATILE & TECHNICAL PRODUCTS

Combining versatility, style and technicity (stretch, waterrepellent and breathable fabrics), the SS23 collection distinguishes Rossignol from its competitors thanks to all-season and multi-purpose products.

From a weekend away the city with a van to a one-day adventure up the neighbour mountain, this collection offers the ideal outfit for all escapes (road biking, mountain biking, trail running, hiking) and everyday outings.

TECHNOLOGIES

Wateproofness
& breathability

WATERPROOF MEMBRANES

20 000 WATERPROOFNESS

10 000

The products are equipped with a 5,000 mm, 10,000 mm or 20,000 mm membrane to guarantee waterproofness. The breathability of our products, that is the capacity of a garment to evacuate humidity and moisture, varies between 10,000 gr/m2/24h and 20,000, gr/m2/24h.

DURABLE WATER REPELLENT TREATMENT (DWR)

Our skiwear is coated with a DWR (Durable Water Repellent) treatment. It allows the water to drip along the clothing without entering inside.

PFC-FREE DURABLE WATER REPELLENT TREATMENT

Our skiwear is coated with a DWR (Durable Water Repellent) treatment. It allows the water to drip along the clothing without entering inside. This version do not use perfluorinated compounds/chemicals.

SYMPATEX

The Sympatex® membrane while being extremely waterproof (>45000mm Schmerber) and breathable (>45000 mm/m3/24h) is an eco-friendly membrane. Stretching up to 300%, the SYMPATEX membrane is flexible and resistant.

Others

STRETCHABILITY

4 WAY STRETCH

Depending on the elastane composition, our 2-way or 4-way stretch membrane can adapt to every movement constraints.

GRAPHENE

Graphene fibre has thermal properties that revolutionize clothing. Graphene fiber acts as a filter between the environment and your skin. It expels heat in warm surroundings but preserves the heat in cold weather by evenly distributing body heat. Thus, it is perfect for all seasons. These fabrics are also very comfortable and lightweight
